

SAVER WATER PROOF FAN (Steel Canopy) —

Detailed Features & Specifications

1. General Information

- **Model / Name:** SAVER WATER PROOF FAN (Steel Canopy) — by Super Asia. [superasiastore](#)
 - **Size / Sweep:** 56" (\approx 1400 mm) blade span. [superasiastore](#)
 - **Type / Usage:** Ceiling / hanging fan designed with waterproof steel canopy for tougher environments (e.g. outdoors, high humidity). [superasiastore](#)
-

2. Physical / Build & Materials

- **Canopy / Housing:** Steel canopy, waterproof protective cover. [superasiastore](#)
 - **Body Material:** High pressure die-cast aluminum body (parts) & high-grade electrical silicon steel sheet. [superasiastore](#)
 - **Blades:** Aerodynamically designed blades for better airflow; designed to deliver maximum air deliverance. [superasiastore](#)
 - **Paint / Finish:** High gloss 2K stove enamel paint for rust resistance and durability. [superasiastore](#)
-

3. Performance & Features

- **Motor Type:** 16-pole capacitor motor, built for better torque and more stable performance. [superasiastore](#)
 - **Bearings:** Double “Z” ball bearings for smoother spinning & durability. [superasiastore](#)
 - **Regulator / Speed Control:** Five-speed ON/OFF regulator. [superasiastore](#)
 - **Power / Voltage Behavior:** Works even on low voltage. [superasiastore](#)
 - **Noise:** Noiseless working is claimed. [superasiastore](#)
 - **Power Efficiency:** Minimum power consumption (efficient motor / design). [superasiastore](#)
 - **Temperature Rise:** Minimum temperature rise expected in motor / parts (helps in keeping heat low) → better under prolonged use. [superasiastore](#)
-

4. Dimensions, Weight & Other Specs

Specification

Detail

Specification

Detail

Sweep (Blade Size) 56" (≈ 1400 mm) [superasiastore](#)

Paint / Finish Type High gloss 2K stove enamel paint [superasiastore](#)

Body Material Die-cast aluminum body & electrical silicon steel sheet [superasiastore](#)

Regulator Speeds Five speeds ON/OFF regulator [superasiastore](#)

5. Additional Highlights

- The steel, waterproof canopy makes it suitable for humid or partially exposed areas (porches, semi-outdoors). [superasiastore](#)
- High gloss enamel coating helps resist rust and corrosion. [superasiastore](#)
- Good airflow delivery due to aerodynamic blades & large sweep. [superasiastore](#)
