

Super Asia HC-55W Water Dispenser— Detailed Features & Specifications

1. General Information

- **Model:** HC-55W (3 Taps, Glass Door Water Dispenser) [superasiastore+1](#)
 - **Tap Options:** Cold, Hot & Normal / Room Temperature water taps [superasiastore+2Electro Gas+2](#)
 - **Type:** Standing water dispenser with built-in refrigerator compartment / cooling section [Bin Bakar Electronics+3superasiastore+3Electro Gas+3](#)
-

2. Physical / Build & Materials

- **Door / Panel:** Elegant tempered **double glass door** for the fridge section [superasiastore](#)
 - **Water Tank Material:** Large stainless steel water tank (food grade) [superasiastore+1](#)
 - **LED Night Light:** Dispenser area includes LED night lights for visibility in dark conditions [superasiastore+1](#)
 - **Compressor:** Uses DANFU brand, energy efficient type for fridge cooling [superasiastore](#)
 - **Hygienic / Anti-Bacterial Materials:** Built using food grade, anti-bacterial materials in contact components [superasiastore+1](#)
-

3. Features & Functions

- **3-Tap Dispensing:** Cold, Hot & Normal water options [superasiastore+2Electro Gas+2](#)
 - **Refrigerator / Cooling Section:** ~ 20 litre capacity in the fridge / cooling compartment [superasiastore+1](#)
 - **Easy Filling Console:** A special design console for easier filling of jug & bottles [superasiastore](#)
 - **Energy Efficiency:** Uses the DANFU compressor (well known for efficiency) [superasiastore](#)
 - **Hygiene Features:** Food-grade, anti-bacterial materials in water contact paths [superasiastore+1](#)
 - **Glass Door Design:** Sealed glass door helps maintain temperature and refrigerant isolation [superasiastore](#)
-

4. Dimensions, Weight & Other Specs

Specification	Detail
Net Weight	17.2 kg superasiastore+1
Gross Weight	19 kg superasiastore
Product Dimensions (W × D × H)	405 × 365 × 1,110 mm Electro Gas+1
