

# Exhaust Fan (Metal with Net) — Super Asia —

## Detailed Features & Specifications

---

### 1. General Information

- **Model / Product Name:** Exhaust Fan Metal with Net — Super Asia [superasiastore](#)
  - **Sizes Available:** 8", 10", 12" [superasiastore](#)
  - **Product Type:** Metal body exhaust fan with net guard / protective mesh [superasiastore+1](#)
- 

### 2. Physical / Build & Materials

- **Body Material:** High-grade electric silicon steel sheet (metal body) [superasiastore](#)
  - **Blade Design:** Aerodynamically designed blades for efficient airflow [superasiastore](#)
  - **Guard / Net:** Comes with a net for safety / protection (guard) around the fan opening [superasiastore](#)
- 

### 3. Features & Performance Functions

- **Power Consumption:** Minimum / low power consumption — meant to be efficient [superasiastore](#)
  - **Air Extraction:** Strong / powerful air extraction capability [superasiastore](#)
  - **Low Voltage Operation:** Capable of working even when voltage drops or is low [superasiastore](#)
  - **Design:** Dynamic / new design; made according to international standards [superasiastore](#)
- 

### 4. Dimensions, Electrical & Other Specs

Specification	Detail
Available Sizes	8", 10", 12" <a href="#">superasiastore</a>
Operating Voltage	220 V (standard mains) — implied from “works even on low voltage” but exact lower threshold not specified. <a href="#">superasiastore</a>
Warranty /	Comes from Super Asia; price listed as ~RS. 5,445 PKR for these

### 5. Additional Highlights

- Because of its metal body & net, the fan is more durable and safer (net protects from foreign objects / prevents contact) [superasiastore](#)
- Aerodynamic blade design helps reduce turbulence / noise and increases efficiency in air extraction [superasiastore+1](#)
- Suitable for ventilation in bathrooms, kitchens, or other indoor areas where you want to remove smoke, odors, moisture etc.
